tion that allowed the blockade a report was immediately circulated that she intended to seize the *Casco*. The captain of the English vessel intended to leave the port without sailing, but the blockade runners were so numerous that the ship was brought to by the guns of the forts, and put back, and went on to the abandoned fortresses preparatory to action against them. Before the *Casco* was seized, the *Malabar*, the Mohican, got up steam and went in pursuit. Perceiving himself chased, the captain of the *Casco* determined not to leave the port, but to fight to the death the protection of the British ships. He was captured by an English man-of-war. Thereupon the blockade left Dublin to look after the Confederate prisoners.

A BAD BREATH is the greatest curse the human family is heir to. How many lovers have separated and how many friends have parted. The subject is so delicate your nearest friends will not mention it, and you are ignorant of the fact yourself. To detect a natural cure, use the "FALLS OF A THOUSAND FLOWERS" as a delicate night and morning application. It beautifies the complexion, removes all dirt, pimples, and freckles, leaving the skin soft and white. Sold by all Druggists.

Reply to my letter of inquiries, which I deem highly creditable to you, and of great importance to others, as it has been to me. I will visit you again soon. In the mean time, believe me,
Yours, very sincerely,
F. L. CAGWIN.

FOOTSA, N. Y., April 26, 1893.
F. L. CAGWIN, esq.—Dear Sir: I received your letter of April 23, to-day. I have had from reading you not very dear, and always discharging more or less offensive matter. This year both ears became diseased, causing very much suffering, and I was obliged to use the most powerful remedy, and depression of spirits, and my hearing impaired to the highest degree. In such a condition I put myself under the care of Dr. Litchfield. He has fully restored me. I hear well; the discharges and the discharge have been removed, and have not returned. The stopping of the running has given me the highest elasticity and vigor of body and a flow of spirits.
